

THE REAL WOLF

Ted Lyon, highly acclaimed attorney and author, will discuss his new book,

The Real Wolf: The Science, Politics, and Economics of Co-Existing with Wolves in Modern Times, and explore many myths about wolves, including:

1. Do wolves attack or kill people?
2. Do wolves affect ungulate herds?
3. Do wolves affect cattle, sheep and other domestic herds?
4. Do wolves only kill the weak and sick?
5. Do wolves destroy game herds?
6. Do wolves generate economic growth for your community?
7. Do wolves carry diseases that are deadly to man and livestock?

Learn the Truth about Wolves

Thursday - April 24th

Yreka Community Theater

810 N. Oregon Yreka, CA 96097

7:00 pm

Author, Ted B. Lyon
