A WORD ABOUT KARL PRUSSION

For 12 years an F.B.I. counter-spy investigating the many facets of Communism in the United States, Karl Prussion secured permission to leave the service of the Bureau in order to carry his story to the public. Like a 20th Century Paul Revere, Prussion has shuttled back and forth across the nation to acquaint the uninformed and apathetic about the growing Red Fascist menace here on American soil.

Prussion is editor and publisher of the fine newsletter "Heads Up", which carries his authoritative observations and timely warnings to all corners of

our nation. This publication is made possible entirely by voluntary contributions, which are urgently needed and may be sent to P.O. Box 6519, San Diego 6, California. Those who wish to know more about Communism's growing conquest of America are also urged to buy Karl Prussion's fine long play record album "Inside A Communist Cell", available for only \$3.98. Send check or money order to P.O. Box 6519, San Diego 6, California. Karl Prussion is an outstanding authority on Communist techniques. No one who would preserve our American way of life should be without "Heads Up" and the other fully documented anti-Communism ammunition drawn from the contacts and experience of the courageous American, Karl Prussion.

—Major George Racey Jordan

This book is dedicated to a dear friend, the late Matt Cvetic, who gave his life in exercising his privilege as an American to fight communism.

PREFACE

When Detroit designs a new automobile, or a missile plant assembles an experimental projectile, the working model is known as "the pilot."

To all Communists in the United States, **California is the pilot area.** The Golden State has been chosen to be the model Soviet State. It is for this reason that Communist subversives in California are officially dedicated to drive forward to a **"strong left-wing centralized hierarchy that must and will control the individual and the family from birth to death."** THIS is Communism.

Leninists among us, and their dupes (both knowledgeable and naive) are driving toward this goal at breakneck speed. Their principal tactics are infiltration and deceit, particularly in government. They have been using Governor Brown (**Executive**), Stanley Mosk (**Judicial**) plus Gus Hawkins and other Red Frontier state legislators (**Legislative**). The inroads the Communists have made are appalling. It is with great concern, therefore, that the Editor of **"Heads Up"** presents this analysis and appraisal, based on his experience as a counterspy working with Communists and upon fully documented records.

CHALLENGE

Karl Prussion will welcome the opportunity to present in a court of law the evidence in his possession regarding the charges made in this issue. He therefore invites legal action by any or all of those named herein.

I UN-MASKING MORRIS STANLEY MOSK

Political gymnast Stanley Mosk ignored the official 1962 admonitions of the California Central Committee and the California Democratic Council **"not to cooperate in answering questions presented to all candidates pertaining to their attitudes on the communist conspiracy."** His answers to the questionnaire were almost 100% at variance with his flagrant condescension to the Communist line, but gained for him the endorsement of the Anti-Communist Voter's League. In view of this maneuver, it would appear to the average voter that Stanley Mosk is now an authentic anti-communist. **The truth is that Stanley Mosk is aware of the mounting political strength of the conservative movement in California and is fearful that he could be defeated without capturing a large segment of conservative voters.** So Mr. Mosk, this astute, opportunistic, political charlatan, casts a fraudulent shadow of his actual position to the people of California.

Mosk still remains the greatest single threat to the courageous patriotic anti-communist movement sweeping the state. Californians, whether Democrat, Republican or Independent, must not be taken in by Mosk's political trickery. His record, past and present, reveals him to be a collaborator, an appeaser, and consistent supporter of communist objectives in the State.

It is the primary job of the Attorney General to use his high office for the security of the State. The greatest threat to our State is the communist conspiratorial advance that rages unabated. Mr. Mosk has miserably failed to halt and destroy this menace of which **HE IS FULLY AWARE.** Conversely, he has faithfully carried out the Communist International directive **"to fight the strong anti-communist movement."**

MOSK, THE PATRIOT-BAITER

On March 23, 1961, Mosk joined hands with the Communist Party and "red-frontiersmen" in Sacramento (such office-holders as Gus Hawkins, John A. O'Connell, Gordon Winton, Jr., Governor Brown and others), in indiscriminately describing the orderly conservative movement against red fascism as **"radical rightist, Fascist, Nazi, un-American, lunatic fringe-ist, and extremist."** Mosk has become a leading national figure in a subversive web that attacks patriots while protecting communists.

Patriot-baiting appears to have been the primary objective of the Attorney General. Many outstanding patriotic citizens, organizations, and publications are his targets. Mosk has launched investigations not of the communist criminal conspiracy, but of good, sound patriotic American groups. The Attorney General initiated this attack **while our legislative body was in session.** This attempted political assassination of loyal American citizens diverted the attention of the public from the numerous bills before the legislature calling for laws to help stem the tide of communism. So successful were Mosk and his cohorts that **AS A RESULT OF THIS TACTIC, NOT A SINGLE PIECE OF ANTI-COMMUNIST LEGISLATION PASSED DURING THAT SESSION!**

During this most critical period, he chooses to carry out a **deep and penetrating** attack on patriotic groups. He, together with Governor Brown, Bishop Pike and other communist apologists started a most shameful attack on one of the too few organizations in America that is acutely aware of Red Fascist menace in our midst, and is beginning to combat it in an organized, orderly and intelligent manner — the John Birch Society. Mosk does not attack or investigate the **left-wing** juggernaut that is steam rolling through our state, because such an attack or investigation could expose him and his associates as communist pawns.

Mosk did not want to investigate the John Birch Society. Tell us why, Mr. Mosk?

Both Mr. Mosk and Governor Brown have been repeatedly requested by the John Birch Society to investigate them. It is their duty to do so, instead of smearing the Society with personal opinions and slander.

Despite the Burns Committee Report (1963), which defined the John Birch Society as a law-abiding, patriotic group, Mosk continues to make childish and asinine statements regarding the Society, which are unbecoming the prestige and dignity of his high office.

Governor Brown has made some statements he hopes the citizens will have forgotten. He infers that members of the Birch Society are worse than Communists, and categorizes them with Fascists, Nazis and radicals.

Perhaps Mr. Mosk is like Governor Brown, who evidently has no fear of Communism.

Let's have an investigation as to just why Mr. Mosk has never wanted to investigate the John Birch Society. And, if — and when — he does investigate the JBS, why not investigate the ADA and the CFR at the same time? To understand the duplicity of Mosk, you need to become familiar with documentation on this opportunist.

COMMUNIST SYMPATHIZER

On July 19, 1940, George Oliver Bertholon, a counter-spy on communist activities in California, testified concerning political activities in which he had participated. He said that the Communist Party was active in the 1938 elections in California, and that it worked through the California Federation for Political Unity (cited as a **communist front by the California Committee on Un-American Activities in its 1943 report.**) He stated that many communists in these two organizations who worked in the 1938 campaign were rewarded with political appointments by the successful Administration headed by Governor Olson. When asked for the names of those Communists, he testified as follows:

Mr. Bertholon: "William Plunkert, whom I have mentioned above; James Burford was made assistant to Claudia Williams; Frank Scully, a fellow traveler, who was made assistant director of institutions; and Mort Newman, who was made director of the Los Angeles N.Y.A.; Morrie Stanley Mosk was made Olson's secretary; and I understand that Charles Page was rewarded by Patterson. A number of others were

placed in high position by the State Administration, but I do not remember their names."

Mr. Stedman: "Are all the people mentioned above, to your knowledge, members of the Communist Party?"

Mr. Bartholon: "They are, except Morrie Stanley Mosk, who is a sympathizer, but I cannot state definitely that he is a member of the party."

This, then, is the beginning of the political career of Mosk in California.

SPEAKS AT WORKMAN'S CIRCLE RALLY

The Daily People's World of May 22, 1942 (official organ of the Communist Party) reported that one Stanley Mosk, Executive Secretary of California Governor Olson, was introduced and spoke at a meeting of the Workmen's Circle of Los Angeles. The meeting was held on May 17, in the Philharmonic Auditorium. This information appeared in a letter from one A. Rothblatt, of Los Angeles, who stated that Stanley Mosk "hailed the spirit of comradeship and self-sacrifice which manifests itself and grows during the war emergency period."

Communists and left-wingers, indeed rallied together and made sacrifices during the war (World War II) to guarantee that the Soviet Union won the war. Where is Mr. Mosk's spirit and self-sacrifice today in the fight against the communists from within and without?

The Workmen's Circle characterized itself as "the largest radical workingmen's fraternal order in existence." (New Leader, January 23, 1937). It consists, in the main, of Socialists of various degrees, but all dedicated to a Socialist State. In 1927 a large group of its communist members, who differed in tactics, split away and formed the International Workers' Order. It has been and is today an established Communist front organization.

According to the Daily People's World of May 16, 1943, Stanley Mosk was a scheduled speaker at a meeting for American Soviet Friendship (embryo of "peaceful co-existence,") held under the auspices of the International Workers Order and ICOR.

JUDGES RED ORATORICAL CONTEST

The Daily People's World of February 11, 1944, reported that the Los Angeles Chamber of American Youth for Democracy was conducting an oratorical contest on the 18-year-old vote, and that three persons, namely Superior Court Judge Stanley Mosk, a Los Angeles Assemblyman, and an American Youth for Democracy officer would act as judges at finals of the contest on February 27.

"The American Youth for Democracy was formed in 1943 to succeed the Young Communist League for the purpose of exploiting to the advantage of a foreign power the idealism, inexperience, and craving to join, which is characteristic of American college youth." (HCUA, April 18, 1947)

According to the People's World of March 23, 1944, Mosk "will speak at a meeting of the Westside District of the International Workers Order at the Hollywood High School Auditorium." He was also to be a guest on May 30, 1943 at a "May Festival" of this subversive group. The principal speaker at this meeting was Dalton Trumbo who was convicted of contempt of Congress.

If Mr. Mosk did speak at these meetings, as publicized by the People's World, he gave aid and comfort through his prestige and his position

to "one of the strongest, the most effective and closely knit organizations among communist front movements . . . It has contributed large sums of money to Communist Party campaigns, and regularly sponsors Communist-Party endorsed candidates for public office." (Attorney General Francis Biddle in the Congressional Record, Sept. 24, 1942.)

STANLEY MOSK

MOSK AND THE NATIONAL LAWYERS GUILD

According to the Los Angeles Daily Journal (law journal) of September 12, 1944, Stanley Mosk was a member of the executive board of the Los Angeles Chapter of the National Lawyers Guild. The National Lawyers Guild has a high percentage of stalwart communist members. It consistently espouses Red causes and is one of the major factors contributing to the strength of communism. It has on many occasions been cited as a communist front. (Int. Sec. Subcommittee of the Senate Judiciary Comm. Doc. #117, p. 91, April 23, 1956.)

In recent years, Attorney General Mosk has appointed Lawyers Guild members to his staff, among them Mrs. Vaino Spencer, who served as a member of his Advisory Committee on Constitutional Rights since 1959, then on the California Law Revision Commission since 1960. (See following article on Governor Brown.)

According to the California Eagle, Mosk was chairman of the American Jewish Congress meeting held at the Philharmonic Auditorium on January 10, 1945. The Southern California Division of the American Jewish Congress was cited as communist-infiltrated. At its convention in 1948 it went on record against loyalty checks and called for the abolition of the Congressional Committees and the Tenny State Legislative Committee. (These Communist party line policies were continued and enlarged at its 1949 convention.)

MOSK AND THE A.C.L.U.

The Attorney General has been guest of honor and featured speaker at many meetings sponsored by the American Civil Liberties Union, an organization that is open to communists and their sympathizers. It is a main target of Red infiltration and is saturated with them. This organization in conjunction with the National Lawyers Guild (cited subversive) has been the protective shield of the conspiracy. It is through the efforts of this infiltrated organization that the communists have been able to continue their work as foreign agents as a "legalized illegality." The following are a few of the meetings that Mosk addressed: October 16, 1948, principal speaker at an anniversary meeting of the ACLU ("**Open Forum, publication of the ACLU**"); May 16, 1955, chaired a meeting at Hollywood Athletic Club (People's World); July 28, 1956, spoke at a testimonial banquet honoring A. L. Wirin, ACLU consul chief, at the Statler Hotel, Los Angeles. Mr. Wirin is a former partner to Leo Gallagher, Los Angeles Communist-lawyer, and is listed in the California Un-American Activities reports for 1943, 1947, 1948, 1949 and the HCUA reports for 1938, 1940, 1941, and 1943. September 23, 1959, Mosk was chief speaker at a meeting of the Marin Chapter of the ACLU held on the Rodger Kent Estate in Kentfield to mark the ACLU's 25th Anniversary in Northern California.

Wirin was the defense lawyer for 15 California Communists on the Smith Act violation. During the trial Wirin stated that his clients were "**proud to be Communists.**" (Los Angeles Herald Express, February 6, 1952.)

MOSK AND "HOB-NAILED BOOTS"

The Daily People's World of March 7, 1946 quoted Mosk as saying, "**The Cahan ruling does not hinder the police but they may now find is necessary to use their heads rather than hob-nailed boots.**" This statement of Mosk falls in line with the long-standing Communistic tactic of trying to cause disrespect for our law-enforcing agencies by describing them with related phrases such as "goon squads," "Gestapo," "police state," "police brutality," etc. Talk of this kind by the Attorney General is not surprising, judging from his past and present association and activity. However, it is most interesting when one recalls that when Stanley was executive secretary to Governor Olson he personally drew on a check from State funds to pay the agents who planted a dictograph microphone in the hotel bedroom of the then Assembly Speaker Garland and his wife. Garland was at that time Olson's chief political rival. Mosk tried to shift the blame for this Soviet tactic to former Rep. John Phillips of Banning. This attempt to assassinate the character of Rep. John Phillips was strongly reprimanded by the assembly committee investigating interference with the legislative by the following report, "**The Committee also observes that not excessive zeal or blind loyalty can excuse the rash indiscretion of publicly accusing an innocent person (as in the case of Mr. Phillips) of subversive actions.**"

Mosk finally admitted his part in this subversive activity and was severely censured by the State Legislature. This is Stanley Mosk, a participant in

the most flagrant violation of civil rights, who, today, as Attorney General, has broad investigative powers.

MOSK, NARCOTICS, AND THE CIVIL LIBERTIES UNION

Some time ago, the newspaper headlines announced that Mosk was to meet with the governor of Baja California, Mexico, in an effort to stop the flow of narcotics from Mexico. He absented himself from his office in line of duty for approximately one week. It is reliably reported that he chit-chatted with the Governor of Baja for less than three hours, then spent the rest of the week hopping around Southern California speaking to left-wing organizations such as the American Civil Liberties Union.

MOSK AND THE COMMUNIST REGIME IN YUGOSLAVIA

On November 1, 1945, the name of Stanley Mosk appeared on the letter-head of the "American Committee for Yugoslav Relief." This organization was cited by the House Committee on Un-American Activities as a ("communist front whose 'collection of funds for relief' was only incidental to, and a cover for, its propaganda activities in behalf of the communist regime in Yugoslavia!") (HCUA, H. R. 1951, April 25, 1950.)

The Daily People's World of September 9, 1946, reported that a Citizen's Committee to aid Hearst strikers was formed in Los Angeles as negotiations continued between the Herald Express and CIO Newspaper Guildsmen — Stanley Mosk's name was listed among those on this committee. This committee was cited as a communist inspired and dominated group by the California Committee on Un-American Activities, Report 1945, p. 180.

MOSK CLEARS COMMUNIST TEACHERS

In August, 1959, the House Committee on Un-American Activities served approximately one hundred subpoenas to teachers for the purpose of interrogating them on their communist affiliations. The reports concerning these teachers were rendered useless to the school districts in their screening of possible subversives by an order from Attorney General Mosk dated February 2, 1960: "I recognize that the reports, standing alone, could not be used by the Superintendent of Public Instruction as evidence in any action which might be taken by the State against the individual persons who were the subjects of the various reports . . . unless one secures the names of the persons submitting such information, and produces such persons as witnesses; the statements, even though they are allegedly from reliable sources, are of absolutely no value and may be completely discounted."

With one stroke of his pen, Mosk has made it impossible to clean out the obviously numerous (107), subversive, "educators" from our school system! He knows very well that to produce these witnesses would almost completely destroy the counterspy activities of those who labor to gather information

on this criminal conspiracy. If Mosk were a sincere opponent of Communism he could immediately order an investigation of subversive educators in our educational system.

MOSK AND FAMILY

A sister of the Attorney General was reported to be a member of the Communist Party (affidavit to substantiate this charge is available). His brother, Ed Mosk, is reported through various governmental agencies, to have been associated with more than twenty communist-front organizations, and to have been a leader of the "Independent Progressive Party," an outright communist political front. He also served as an instructor at the People's Educational Center (People's World, June 27, 1947). The P.E.C. was cited as subversive by the U. S. Loyalty Review Board, September, 1948. Mrs. Stanley Mosk was an ardent supporter of the Independent Progressive Party. If the Attorney General is really interested in fighting subversion, he can start by cleaning up his own family.

Attorney General Stanley Mosk, fraternizing with and encouraging "Peace Marchers" as they follow the Communist objectives by picketing for disarmament of the United States whether Russia disarms or not.

MOSK — COMMUNISTS — PERJURY — AND MALFEASANCE IN OFFICE

Identified Red conspirators, Dr. Holland Roberts, Alan Isaksen, and Isabel Cerny violated the election code laws of California and perjured themselves when they filed to run for public office. Attorney General Mosk, though personally aware of these violations, and further notified by complaints, turned his back on this great opportunity to fight communism.

In reply to charges, he stated weakly that his office does not **ordinarily** try cases of alleged criminal acts on a State level, despite the fact that this deceitful act on the part of communism was incontrovertibly a violation of a STATE law.

Stanley Mosk has wasted taxpayers' money in his indiscriminate attacks against, and investigation of patriotic organizations; but he does not feel the urgency of investigating the intense penetration of communist conspirators in our State. Which side would the evidence prove he is on? **Why is it that Mosk can find the time and facilities to vilify Americanism but never to lift a finger against the Red conspiracy that has vowed to bury us?**

WHY MOSK SEIZED THE SAN DIEGO FILES

For one who had insulted law enforcement officers as Mosk had done in his infamous "**hobnailed boots**" statement to The People's World, Mosk engaged in an almost unbelievable defiance of law in his audacious seizure of private property in San Diego in early 1962.

On February 14, 1962, state agents, at the behest of Stanley Mosk, swooped down on the San Diego National Guard Armory and seized the files of the non-profit San Diego Research Center and put them in the custody, in effect, of Stanley Mosk. This "**hob-nailed boot**" tactic of seizure of private property by Mosk is in violation of the most elementary concept of our constitutional rights, the sanctity of our personal property.

This disgusting and shameful act constitutes malfeasance and misfeasance of office. The seized records have been carefully prepared by the San Diego Research Center for more than three decades. They consist of congressional and state records, newspaper clippings, and various other documentation which chronologically describes the Red conspiracy in our nation. Did **Mr. Mosk** seize these files because they clearly **exposed men such as Mosk, Governor Brown, Alan Cranston**, and many other state officers for what they are — opportunistic appeasers and collaborators of those who would destroy us?

The San Diego Research Committee filed a \$250,000 damages suit against the Attorney General and won a decision from the Courts. Mosk cleverly appealed to the higher courts. The hearing was delayed until **after** the elections in November 1962. An astute political trick on the part of "**hob-nailed boot**" Mosk, since such a hearing prior to the elections could cloud Mosk's qualifications to hold or run for office.

MOSK, MOSCOW AND LENIN

Descending to uncharted depths in "patriot-baiting," Mosk reached all the way to the Kremlin to quote an article in *The Literary Gazette* of Moscow dated April 14, 1961, which in effect, according to Mosk, stated that **"Robert Welch, founder of the John Birch Society and John Birch Society members are helping Communism by fighting Communism,"** according to Lenin. This is the height of chicanery and mental immaturity. Mr. Mosk should avail himself of the Committee on the Judiciary Report, United States Senate, 87th Congress, dated July 11, 1961. There, he will find that on December 5, 1960 a Red Manifesto adopted in Moscow referred to the anti-communist movement in the United States as a main, if not THE main danger to communist progress in our country. The manifesto then outlined tactics to combat it. Mosk and his attacks against intelligent and orderly activities opposing communism conform completely with Kremlin tactics and directives. The reason the communists have been so successful in America is because they have never been seriously opposed in an organized manner. What Lenin meant (if he ever did make that statement) was that **men like Mosk, in ostensibly opposing communism, obviously help the communist cause.** Mr. Mosk should know that Lenin, in his writings, urges **"the ruthless extermination of all anti-communists."**

MOSK NEGLECT OF OFFICE

Mosk is charged with responsibility for preservation of the security of our State. The criminal division of his high office is eminently important. For approximately six months after he took office, **Mosk did not even have a director supervising this vital department!**

At his eventual convenience, he appointed Charles S. O'Brien to head up this division. O'Brien, a lawyer with virtually negligible criminal law experience, was, for many years prior, top man in the Western Division of the "Foreign Policy Association," an organization wide open to communists, liberals and pinks of various shades. It was Mr. O'Brien who organized and directed the notorious red-saturated **"Great Decisions"** groups. These groups have been most successfully used by communists to promote communist objectives.

Before O'Brien became oriented to the office of chief crime buster, he resigned to become **Governor Brown's administrative secretary.**

The last official report revealed that **"Great Decisions"** O'Brien resigned as Brown's chief side-kick. Why? To manage Mosk's campaign for re-election!

Of course, Martin Luther King is pleased to see Mosk still in public office. After all, Mosk presented King with a check for \$10,000 at a Hollywood Palladium rally — \$10,000 from an Attorney General, to help finance civil disobedience.

Small wonder that narcotics peddling, communist activity, red-directed violence and crime in general have reached an all-time high in California.

Mosk's Criminal Division functions in name only. Mosk has shown a total and unconscionable disregard for the welfare of our state by this neglect. MOSK MUST GO!

ALAN CRANSTON—

CONTROLLER or CONTROLLED?

ALAN CRANSTON
FATHER OF C.D.C.

" We must create a limited world government and DEPOSIT OUR SOVEREIGNTY THERE."

Alan Cranston, State Controller of California, is your State's fiscal officer. He directs a staff of more than 500 accountants, paymasters, and tax collectors; is chairman of the California State Franchise Tax Board, a member of the Board of Equalization, State Lands Commission, Pooled Money Investment Board and other boards and commissions — an enormous responsibility for a man who, virtually unknown before his election in 1958, engaged in a real estate business in Los Altos. He is not even remotely qualified for his elective office. On the contrary, a meticulous study of his background indicates **his strong affinity for communists** and those who espouse the objectives of the communist and left-wing movement.

In fairness to the citizenry, HEADS UP presents the following report on this collectivist egghead, who **serves the cause of world socialist government** more effectively because he enjoys high position.

CRANSTON PRESIDENT, OF WORLD FEDERALISTS

As early as 1945, left-wing Cranston was present at the Dublin (New Hampshire) Conference on World Government, which resulted in the establishment of the United World Federalists (U.W.F.) in 1947. On October 1, 1949 Cranston, formerly Director of Americans United for World Government, was elected President of the United World Federalists.

The Dublin Conference assigned Cranston to carry its Declaration to the United Nations delegates in February 1946, laying plans for converting the United Nations Assembly into a world government having direct jurisdiction over our nation and the individual, thereby stripping the United States of its autonomy.

CRANSTON AT HOME WITH REDS

Ten days after Pearl Harbor, this relatively unknown person "mysteriously" landed a top government job as Chief of the Foreign Language Division of the communist-ridden Office of War Information (O.W.I.) The Attorney General's Office investigation during his short term as CHIEF, revealed that CRANSTON "moves in communist circles" and "that his friends seemed to be fellow travelers with communist sympathies."

Louis Adamic, a dedicated communist propagandist, was a close friend of Mr. Cranston, who has been described by some as "a protege of Adamic's." Cranston worked for Adamic as a writer for COMMON GROUND, magazine for Adamic's Common Council for American Unity. Cranston's writing opposed registration of aliens. Cranston was denounced in Congress because "he came out in support of Communist Harry Bridges . . . and in many respects parallels the program of the Communist Party."

COMMIE DAVID KATZ ON CRANSTON'S STAFF

Cranston was instrumental in having communist stalwart David Katz (alias Carr) appointed as Assistant Chief of the Foreign Language Division of O.W.I. A Civil Service Commission memorandum dated June 25, 1943, states, "The various F.B.I. reports on David Katz are summarized as follows: Katz, a brush company employee, formed a close association with the Communist Party, joining it before he was hired by the official Communist organ, the Daily Worker. Mr. Katz admitted to the F.B.I. that he was doing re-write work for the most confidential of all publications of the Communist Party."

CRANSTON EMPLOYS PAY-OFF MAN FOR SOVIET SECRET POLICE

Cranston's Chief of the Italian Bureau of the Office of War Information was Carlo A. Prato, alias Perini, alias et cetera, expelled from Switzerland as an agent of the Communist International, and listed by the New York Police as "the pay-off man for the Soviet Secret Police." Later, Prato joined hands with CRANSTON and became a pioneer one-worlder with other left-wing "friends."

CRANSTON, WILLIAM MARGOLIS AND RED DICTATOR, TITO

Of significance, and bearing investigation, is the fact that the O.W.I. starred "one William Margolis, convicted auto thief, self-styled psychopath, pro-

Communist radio commentator, fund raiser for the communist political instrumentality, the Progressive Party, in a 'pro-American Office of War Information film and radio propaganda campaign presented as 'A Tribute to Yugoslavia,'" honoring Red Dictator Tito.

CRANSTON HELPS GAG CRITICISM OF SOVIET RUSSIA

In August, 1943, Eugene Garey of the Committee to Investigate the Federal Communications Commission (F.C.C.) uncovered evidence that a left-wing clique of F.C.C. and O.W.I. employees tried to insure a communist slant to foreign language broadcasts from 200 radio stations throughout the country; and charges were made that Cranston as an O.W.I. official cooperated with this left-wing clique to put a gag on criticism of Russia.

COMMUNIST-WORLD GOVERNMENT INFLUENCE ON SGT. CRANSTON

The Communist "party line" influence injected itself into Cranston's brief Army career. Red propaganda was conspicuous in Army orientation courses. For example, "**Army Talk-Orientation Fact Sheet No. 64.**" followed the communist line to the letter. This subversive document was officially credit-

ed to Lt. Col. Julius Schreiber, but it was the brainchild of Sgt. Alan Cranston, whose initials appear on the original draft. The Daily Worker, official communist organ, quickly reproduced **Fact Sheet No. 64.**

HEADS UP does not charge that the United World Federalists, Inc., is a communist conspiracy, nor that Mr. Cranston is a communist.

However, CRANSTON was named in Congress as a supporter of Harry Bridges; he opposed the Alien Registration Bill, which the communists are militantly against; he wrote an article which was labelled on the House floor as "parallel to the program of the Communist Party." **The Cranston campaign for world government is as dangerous and un-American as the Communist conspiracy.**

A one-world government, which would destroy our sovereignty as a nation and would regiment the individual to world government decisions is the epitome of the global communist conspiracy. The leaders of world government movements, including Mr. Cranston, are actually more dangerous than communists because this major objective of communism is so subtle and easily disguised that it is not easily or readily recognized by the citizenry.

During the fall of 1950, Alan Cranston appeared before the House Committee on Foreign Affairs to testify on behalf of world government, "as a business man for millions who had demonstrated support for his objectives." Read the dishonest, bubble-headed double-talk statement on behalf of world government made to the Committee by the man who is now your State Controller, ALAN CRANSTON: ". . . Plainly, Resolution 64 does not

propose that we give up a shred of sovereignty . . . it proposes that we create a limited world government and deposit our sovereignty there . . ."

CRANSTON, SAMISH AND POLITICAL GANGSTERISM

One Paul C. Smith, left-wing editor of the San Francisco Chronicle during the Warren Administration, had tried in vain to get a pro-one world resolution through the California Legislature; whereupon Alan Cranston, newly elected President of the U.W.F., crawled on his hands and knees onto the lap of Artie Samish in a plea to Artie to use his lobbyist power in Sacramento to pass the resolution. The conversation between Artie Samish, political gangster, and "amiable" Alan Cranston, was arranged by Paul C. Smith who telephoned Room 428 of the Senator Hotel, lobbying headquarters of Arthur H. Samish. Mr. Samish had tremendous influence in the legislature through the political espionage system he maintained in California. He at one time stated, "To hell with the Governor of the State! I'm the Governor of the legislature." Even Governor Warren (yes! this is the same Governor Warren who today is Chief Justice of the Supreme Court of the United States) stated, "On matters that affect Artie's clients, Artie **unquestionably** has more power than the governor." Artie Samish is reported to have been the lobbyist for the Anti-Defamation League, and boasts that HE killed the Tenny Loyalty and Anti-Communist Bills which were introduced to impair communist infiltration and sabotage.

ARTIE SAMISH
POLITICAL GANGSTER

"To hell with the governor of the State! I'm the governor of the legislature."

The pro-one world government resolution passed unanimously after eleven (11) Assemblymen absented themselves because they were afraid to vote against Samish! The point is, Cranston got his resolution passed, not because the people of California wanted it, but because he went to Samish (who has since served time in the penitentiary) who was powerful enough to force it through for him.

CRANSTON AND FORGERY

Immediately afterward an aroused citizenry demanded the rescinding of the resolution. A bill to accomplish this was introduced by Senator Hugh Donnelly of Turlock. The U.W.F., disturbed about this attempt to undo their trickery, organized a telegraphic campaign from their various chapters against dissenting. Mrs. Emily Nolan Jordan, Chapter Leader of the U.W.F. in Palm Springs, boasted that she got out 49 telegrams from members of her chapter. Mrs. Jordan confessed that the U.W.F. was using the communist expediency technique of lying, cheating, and deceiving

CRANSTON, FATHER OF RED-ORGANIZED AND CONTROLLED CALIFORNIA DEMOCRATIC CLUBS

During the winter of 1952, at a section political commission meeting of the Communist Party, it was revealed to all comrades that Alan Cranston of Los Altos was preparing to form a new organization consisting of California Democratic Clubs (C.D.C.) All communists were instructed to start an exodus from the Independent Progressive Party (I.P.P. — a political party that was the greatest political instrumentality in the history of the Communist Party) into the future C.D.C., and to organize such clubs at the appropriate time. This directive was issued by Louise Todd, who at that time was Secretary of the Political Commission of the Communist Party of California. Similar meetings of the Communist Party were held and instructions issued throughout all counties.

All communists were also instructed to take with them into the C.D.C. all left-wing sympathetic, liberal, socialistic elements from the Independent Progressive Party.

COMMIE FORECAST OF CRANSTON PLANS CORRECT

Alan Cranston did INDEED announce and begin to organize his California Democratic Clubs in 1953! Could it be that he had revealed his plans to close friends — namely, communist stalwarts Peter Szego, Dr. Holland Roberts, Ed Ross, and others identified as part of the conspiracy? C.P. members carried out this directive impeccably. They ran a few communist token candidates on the I.P.P. ticket in 1954, and after 1954 the I.P.P. was allowed to wither away, being supplanted by Alan Cranston's California Clubs. A careful perusal of the registration records of I.P.P. members reveals that communists in a body, socialists, liberals, collectivists, U.W.F. — all of those who today espouse and help carry out communist objectives — are now active in California Democratic Clubs. **The C.D.C., Cranston's organization, is today the political instrumentality of the communist conspiracy in the State of California,** to the chagrin and despair of many good democrats who joined the C.D.C. innocently, and many who would like to, but simply cannot clean house.

The many thousands of communists in California do not stay home evenings reading Marx and Lenin; they are in the C.D.C. working for the Leninist objectives!

CRANSTON'S RED OBJECTIVES PASS AT FRESNO CONVENTION

The C.D.C. did organize, and now communists direct the policy through hidden identity — policy which is very influential and effective in the Democratic Party. For example, at the 1960 convention of the C.D.C., held in Fresno, California, the entire platform of the Communist Party was adopted in toto.

The C.D.C. in its policy statements and resolutions called for adoption of Cranston's pet resolution: the repeal of the Connally Amendment. This Amendment reserves the right of the United States **not** to submit to the World Court those issues that are wholly internal. Also favored by the C.D.C. was the long-term aim of Cranston and the Communists — the remodeling of the United Nations into a world organization that would enact world law, interpret it, and **enforce it on INDIVIDUALS and governments alike.**

CRANSTON AND REDS SUPPORT DISARMING OUR NATION

The C.D.C. report also asserted the need for the United States to disarm, even if the Soviet Union does not (unilateral disarmament — another Cranston and communist objective). A few more C.D.C. resolutions and policy statements which are communist objectives: establishment of police review boards separate from law enforcement agencies, repeal of loyalty oaths, abolition of the House Committee on Un-American Activities (HCUA), opposition to Congressional actions that could nullify U. S. Supreme Court decisions, request for a review of the conviction of traitor Morton Sobell (sentenced to 30 years for conspiracy to commit espionage), repeal of the Landrum-Griffin Act, and repeal of the Responsible Relative Act.

CRANSTON'S CALIFORNIA DEMO CLUBS SATURATED WITH REDS

What about the degree of penetration of communists into Cranston's "political organization?" Within the South Palo Alto Democratic Club, of the initial 25 charter members, 13 are clearly identified hard-core Communist Party members! Other proof of communist control and influence within the C.D.C.:

Allan Isaksen, an officer of one of the clubs and candidate for the State Assembly in the 28th District, was identified in 1960 before the HCUA as a communist.

Peter Szego, professor at Santa Clara University, was elected chairman of the important Resolutions Committee at a convention of the Santa Clara County California Democratic Council. He has also served as Membership Committee Chairman for the ACLU in the Santa Clara County area. He was identified as a Communist stalwart before the HCUA in 1960.

Edward Ross was a president of a C.D.C. club and was accused under oath of being a communist and of having boasted in a cell meeting of "knowing when, where, and what type of missiles are being tested in California."

Ed Beck, Secretary of the San Mateo County National Association for the Advancement of Colored People (NAACP), leader in the Committee of Racial Equality (CORE) activities instigating sit-ins,

demonstrations, picketing in the cause of "de-segregation, a consistent delegate to the C.D.C. conventions," was identified under oath as a member of the Communist Party.

Bill Reich, who was secretary of the Alameda County California Demo Club Council and one of the editors of the Communist organ, the **Farm Reporter**, and a member of the communist-front organization, the Farm Legislative and Research Committee, has been for more than two decades a loyal, dedicated Communist.

Hugh DeLacy, identified before the HCUA as a communist and recently listed as Vice Chairman of the Constitutional Liberties Information Center, which is a communist front organization, was one of the signers of a submitted application for a charter for the year 1961.

James Burford, who was listed in an application for a charter of the Echo Park Democratic Club, has been identified under oath before the HCUA as being a communist.

Emerson Street, business agent for the AFL-CIO Trade Union Council of Santa Clara County, and member of the State Committee of the C.D. Council, was a close associate of and a campaigner for Alan Cranston. Emerson Street has three times been identified as a communist at Congressional hearings.

ALLAN ISAKSEN, PETER SZEGO, AND CRANSTON

Another definite link indicating association between Alan Cranston and communists is revealed by this fact: just prior to the 1958 elections, Allan Isaksen, Counterspy Karl Prussion, Peter Szego, Ed Ross, and Elliott Wilson (all identified under oath) met in the home of Allan Isaksen on Colorado Avenue in Palo Alto, for the planning of strategy for Isaksen's election campaign. Szego was instructed to meet with his good friend, Cranston, to arrange for a meeting between Isaksen and Cranston in an effort to solicit Cranston's support in behalf of Isaksen. A later Red cell meeting revealed that such a session **was arranged and concluded** between Communist Isaksen and Alan Cranston.

This is the record of Alan Cranston.

Is Alan Cranston mentally immature on the subject of communist machinations and, therefore, being duped. Or is Cranston deliberately collaborating with the communists?

In either case, **CRANSTON IS AIDING AND ABETTING COMMUNIST OBJECTIVES.**

SALINGER AND CRANSTON . . . POLITICAL TWINS

Pierre Salinger, who defeated Cranston in the Democratic nomination for the United States Senate from California, rather than impairing radical leftist control here has increased it considerably.

Immediately after his nomination he was described by Gene Wyman, chairman of the California Democratic Central Committee as a candidate who had no ideological differences with Cranston. Pat Brown, Cranston, and Salinger have all concurred with this statement.. Salinger and Cranston are radical leftist political twins.

BROWN IS A RED APPEASER . . .

"Premier Khrushchev, I think you'll find in California good people that respect you and admire you, and people that are happy that you visited this country."

"We must welcome Tito into our homes like an old friend."

—P. Brown

Governor Pat Brown, over the years, has established a consistent record of collaborating with and appeasing communists from "top to bottom."

"Premier Khrushchev, I think you'll find in California good people that respect you and admire you, and people that are happy that you visited this country."

He later expressed his affinity for communist dictators when he stated, "We must welcome Tito into our homes like an old friend."

These are the words of greeting by Pat Brown, the red-appeasing Governor of our great State to Dictator Khrushchev and Tito who rule empires built of mountains of human skeletons and rivers of blood.

Brown does **not** express the thinking of the citizens of California when he refers to the "good people" of California who "respect and admire" the Red Tyrant, he speaks for the small communist directed radical-left and the disgusting California Democratic Council, Young Democrats, the Communist Party and other commie liner groups. By referring to those who compose the radical left as "good people" he does strongly imply that the overwhelming majority of the people, who detest and abhor Nikita, as being "no good."

Brown continued to eulogize the representatives of Communist tyranny on May 8, 1962 by sending a telegram in which he honored Astronaut Titov at a reception arranged by the American Russian Institute, of which Dr. Holland Roberts and Michael Shepvalov (clearly identified communists) are Directors. The telegram was read in a Cheshire-cat manner to a multitude of communists, their sympathizers and red liberals by none other than Holland Roberts, communist international emissary.

... FROM TOP TO BOTTOM

*"WHEN WE SPIT IN THE
FACE OF AN AMERICAN,
HE THINKS IT'S DEW."*

— N. Khrushchev

BROWN LAUDS COMMUNIST FRONT AND RED PUBLICATION

On the bottom of the conspiracy: Governor Brown's picture appeared on the FIRST page of the official communist organ for Leninist work among the farmers, *THE FARM REPORTER*; this was their 20th anniversary edition, published in 1961. A letter from Governor Brown to the Farm Legislative and Research Committee, an official organization for work among farmers, appeared below his photograph. He highly commended this Red organization and its press (*THE FARM REPORTER*) for the superb work they have been doing on behalf of the farmers of America.

Pettis Perry, Chairman of the Farm Commission of the Communist Party, in July, 1951, at a closed meeting of the hierarchy of the conspiracy made the following statement: "Along with the question of building the Party, we must build all of the left and Marxist press. In California there is the *Farm Reporter*. This should be built into a mass publication. It would be most helpful in advancing our work among the farmers." (Political Affairs, July, 1951)

The editors of this Red propaganda sheet and the leaders of the Farm Legislative and Research Committee are: a Mr. Davis, Mr. Wm. Reich, and Mrs. Grace McDonald, all three clearly identified as hardcore dedicated communists, loyal to the Soviet Union.

BROWN AND THE NATIONAL LAWYERS GUILD

The National Lawyers Guild was cited as a communist front as far back as 1944. The Governor is a past vice-president of the San Francisco Chapter of the National Lawyers Guild. He said he left the organization in 1946 because of its being declared subversive. However, Brown showed his naive

attitude toward communist fronts when, about a year ago, he appointed Mrs. Vaino Spencer to an Appellate Judgeship in the Los Angeles district. Vaino Spencer, at that time, was a member of the executive board of the Los Angeles area chapter of the National Lawyers Guild. She had also appeared on occasion as counsel for Communists subpoenaed by the House Committee on Un-American Activities.

LEFTIES SUPPORT BROWN FOR ATTORNEY GENERAL

In 1946, when Brown successfully ran for Attorney General of the State of California, he received widespread support in his campaign from a variety of communist-controlled and saturated organizations such as the Hollywood Independent Citizens Committee of Arts, Sciences and Professions, the National Citizens Political Action Committee, and the Conference of Studio Unions.

BROWN BEATS THE SUPREME COURT ON RELIGION IN SCHOOLS

The American people were justifiably shocked by the recent anti-God decision of the Supreme Court, however, it is not commonly known that Governor Brown, when Attorney General of this State in 1955, PROHIBITED THE USAGE OF THE BIBLE FOR RELIGIOUS PURPOSES IN PUBLIC SCHOOLS. HE ALSO ORDERED DISCONTINUANCE OF THE GIDEON BIBLE AND PREVENTED RELIGIOUS PRAYERS FROM SCHOOL PROGRAMS. Fortunately, most of the school systems ignored Brown's order.

BROWN LAUDS RED FRONTER, BUFANO

Governor Brown helped raise \$8,000 for "Red Front Sculptor" Benny Bufano at a dinner sponsored by Communist Harry Bridges in Sabella's Restaurant, Fisherman's wharf in San Francisco on January 3, 1963. "Pat" described Bufano as "one of the greatest men I have ever known." According to Script Magazine, September 1948, "Bufano whacked off his right index finger . . . to avoid being drafted."

Bufano has participated in and has supported more than 20 communist causes.

BROWN URGES STUDENTS TO PRACTICE NON-CONFORMISM

The Governor, in an address to the graduating class of the Santa Clara University, in 1961, in effect urged students to "mount the ramparts" and to follow the example as set in the San Francisco riots. The students were encouraged by Brown to challenge "the status quo."

The Governor gave an able assist to communist forces on our campuses when he ignored a plea by a large delegation of citizens to prevent com-

munist Frank Wilkinson from appearing on the podium at the University of California. It is interesting to note that the Governor today, for opportunist reasons, is "supporting" the House Committee on Un-American Activities; however, in actuality he was quoted as telling school officials that they could not fire teachers "who stand on their constitutional rights before witch-hunting committees." (People's World, July 23, 1953)

BROWN AND THE COMMUNIST BANQUET

On November 10, 1945, a banquet was held honoring the American Youth for Democracy, an official communist youth organization. Listed among the committee members for this dedication was Governor Brown.

Previous to Brown's endorsement and help on the committee, this organization was cited as communist, therefore the governor must have known that it was Red.

BROWN AND THE A.C.L.U.

Governor Brown, who has declared himself an enemy of good, patriotic organizations which he describes as "radical rightists, and lunatic fringes" was declared as "working in the American Civil Liberties Union corner" in the December, 1955 New York publication of the American Civil Liberties Union.

The American Civil Liberties Union for decades has been the defensive armor-plate of the communist conspiracy and has been responsible, therefore, for the strengthening and perpetuation of this continuous criminal conspiracy against our government. During the 1952 hearings of the House Committee on Un-American Activities in Los Angeles, some 20 volunteer attorneys of the American Civil Liberties Union represented 57 persons called to testify before the House Committee.

"CIVIC UNITY" FRONT AND THE GOVERNOR

At one time in his career, the governor was listed with communists as a sponsor of a conference called by the Council for Civic Unity at San Francisco State College. One of the speakers was communist Holland Roberts, who violated the election code of our State when he ran for Superintendent of Public Instruction in 1958, and failed to declare that he was a communist. (Governor Brown's administration has not prosecuted this violation to date.)

BROWN COMFORTS BRIDGES

While District Attorney of San Francisco, the Governor ably supported Harry Bridges' fight against deportation by openly making public speeches on Bridges' behalf and questioning the right of the government to proceed against Bridges.

GOVERNOR BROWN AND ANOTHER RED LABOR BOSS

One week prior to the 1960 elections, the Governor fraternized with one Emerson Street, Red labor boss in Santa Clara County. Street is the Business Agent for the Santa Clara County A.F. of L.-C.I.O. Council. He wields left-wing power in the California Democratic Council and the Democratic Party because of his position. He was three times identified by three different counterspies before House Committee hearings as a communist.

Pictures of Governor Brown chatting with Emerson Street in the governor's limousine were widely published. The Governor, by this association, was able to raise the dignity and prestige of this Leninist among thousands of loyal Democrats and union men.

BROWN AND S.C.L.C.

The Governor appeared publicly on the platform with Communist-fronter Martin Luther King at a rally attended by 10,000 plus. This rally was held to gain support in the Negro community for the Southern Christian Leadership Conference. This organization is being successfully used by communists in their attempt, through sit-ins, freedom rides, etc., to provoke a violence in the South that could throw our nation into civil strife. (This is an immediate objective of the communists.) Martin Luther King has been associated with more communist-front organizations than most communists.

Governor Brown's address at the rally spurred on the provocative activities of this communist-infiltrated organization and concluded with a personal donation of \$100 to this cause.

GOVERNOR BROWN AND CHANCELLOR GALLAGHER

It was the Governor who arranged for the appointment of Buell Gallagher to the Chancellorship of the Colleges of the State of California. Gallagher was thoroughly exposed as being a detriment to our institutions of higher learning by virtue of his continuous and uninterrupted left-wing associations and activities.

Regardless, the Governor staunchly defended Gallagher, as a victim of right-wing extremism and as a model educator of our young people. Gallagher was described as having appointed two notorious communists as his campaign managers when he ran for public office. Public indignation steadily mounted and met with a rebuff for the governor. Gallagher finally resigned his post over the protests of Governor Brown.

After his resignation, Brown proclaimed that the radical rightists were responsible. Recent investigation, released exclusively by HEADS UP, reveals that Buell Gallagher WAS AT ONE TIME ONE OF THE SPONSORS OF THE COMMUNIST CANDIDATE FOR LT. GOVERNOR, LEO GALLAGHER.

IS BROWN LYING ABOUT F.B.I.?

In reply to many of the inquiries and protests about communist activity directed to him, the Governor has replied with numerous letters in which he assures the citizenry that he knows that the Communist activity is almost non-existent because, he says, "I am in constant communication with the Federal Bureau of Investigation." The Governor is either lying, (since all F.B.I. information is available **only** to the executive and judiciary branches of our government, according to the laws of our land,) or he is illegally obtaining information from this federal investigative agency.

It is obvious, then, since it is certain that Brown has no access to the F.B.I., that he is deliberately using the name of this fine organization in an attempt to cause a false feeling of security, complacency, and indifference to the monstrous communist threat within the State.

Mr. Mosk, Mr. Brown, and your left-wing associates:

Your shameful attack against the patriotic John Birch Society and its members, is **a lie, a hoax, and a fraud** upon the American people, and **you know it!**

You are the spreaders of hate and fear. You are the ones who are dividing the people, thereby assisting the Communists in their conspiracy. These actions on your part are indeed a disgrace to the high offices you hold, and you are villifying good Americans to divert attention from Communist influence in the Government and politics in California.

Mr. Mosk, you have the power and authority and the duty to call an immediate investigation of Communist influence and control in the California Democratic Clubs, which by Sen. Miller's admission have at least 35 communists (your editor claims there are at least 100 times that many), in our educational systems, in our Trade Unions, and other areas in which Communists rear their ugly heads. Mr. Mosk, you have received the ill-advised endorsement of the Voters Anti-Communist League. You pride in this endorsement. Prove your "dislike" for Communism, by acting now! If you don't, you will continue to bear the description of a left-wing, political, opportunistic charlatan!

* * * *

Is it any wonder, therefore, considering the above-mentioned report on these three public office holders and others in Sacramento that they are deathly opposed to the Initiative Petition against The Rumord Act, which will be voted on in November?

GOVERNOR BROWN — WHOSE PLATFORM ARE YOU FOLLOWING?

Governor Brown as the leader of the Democrats in California is responsible for carrying out his party's platform; this with the aid of the Executive branch of the state government which includes Morrie Mosk and Alan Cranston.

The party platform titled "The American Way to Jobs, Peace, Democracy," refers to the standard cliches on "Crisis, McCarthyism and Big Business control of the Republican party." The platform stresses: "To combat depression we urge the defeat of all wage cut attempts and a militant struggle by labor to raise wages on all levels, to shorten the work week without a reduction in weekly earnings, and to curb speed-up. We advocate the lowering of consumer prices, an end to rent gouging, and a shift of the tax burden to the rich." The platform further calls for "An anti-depression program," and "requires government protection of home owners, small farmers, and small business from mortgage foreclosures and bankruptcy. It requires a government guarantee of 100% price parity and crop insurance for small and middle sized farmers, and government loans at low interest rates to small business and needy farmers." The platform continues, "The Government has the responsibility to guarantee jobs and living standards." Witness these other planks: "We propose a substantial increase in unemployment and old age benefits; special measures to keep our youth from becoming a jobless generation and to guarantee all our youth free and equal educational opportunities; a federal health program; and a large scale federal program of flood control, conservation, power dam development, and rural building . . . "We favor the extension of credit to bolster world trade and to help overcome the hunger and underdevelopment of the colonial lands . . .

"If there were no poll tax Dixiecrat congressmen in Washington, there would also be a better chance to get improved social security legislation, price and rent controls, more federal aid to education, a federal housing program, greater aid for the unemployed and the aged, and for more equitable tax laws . . . We further urge federal civil rights legislation to outlaw the poll tax."

The platform winds up with such patriotic and humanitarian pronouncements as: "We proclaim our fraternity with all peoples who have pioneered the New Frontiers of human history toward socialism . . ."

Wonder why "New Frontiers" was capitalized? . . . The answer is simple: this is not the Democrat platform of 1960 which it so closely resembles, but the draft platform of the COMMUNIST PARTY U.S.A., drawn up in 1954.

Six years before the "New Frontier," (and only four years before Edmund G. Brown became Governor of the State of California) the Communists

had not only drafted the whole social and economic platform of the Democrat party, they had also coined the label of "New Frontier." Quite a coincidence, isn't it?
